(TAPE 1)(SIDE A)(675) AGENDA ITEM NO. 7: R-002-2004 A resolution of the Lafayette City-Parish Council approving a change in the fees charged by Special Legal Counsel, Spiegel & McDiarmid, a motion to adopt was offered by Stevenson, seconded by Mouton, and the vote was as follows:

YEAS: Badeaux, Bourgeois, Williams, Benjamin, Broussard, Conque, Mouton, Stevenson, Menard

NAYS: None

ABSENT: None

Upon questioning by Benjamin, Huval explained that the additional cost would be between \$5,000 and \$20,000 per year, depending on how much they are used. Spiegel and McDiarmid has been a long-time legal firm that has been dealing with LUS and other power entities throughout the country, particularly regarding the Federal Energy Regulatory Commission, Federal Communications Commission and the Environmental Protection Agency. They have saved the citizens millions of dollars over the past years and charge considerably less than a Washington-based firm. He felt that the request for an increase in fees was a small investment considering the kind of service it brings to Lafayette.

(TAPE 1)(SIDE B)(005) AGENDA ITEM NO. 8: R-003-2004 A resolution of the Lafayette City-Parish Council commending all organizations of the area planning celebrations in recognition of the Martin Luther King, Jr. Holiday, a motion to adopt was offered by Stevenson, seconded by Mouton, and the vote was as follows:

ORDINANCES FOR FINAL ADOPTION

(TAPE 1)(SIDE B)(054) AGENDA ITEM NO. 10: O-322-2003 An ordinance of the Lafayette City-Parish Council declaring the building or structure located at 2015 Cameron Street, Lafayette, Louisiana, owned by Amy Ziegelman, Jane Ziegelman, William K. Langfan and/or Egap Corporation to be dilapidated and dangerous to the public welfare and ordering the condemnation of same. *Item was deferred for 30 days.*

(TAPE 1)(SIDE B)(059) AGENDA ITEM NO. 11: O-337-2003 An ordinance of the Lafayette City-Parish Council declaring the building or structure located at municipal address, 313 Royal Street, Lafayette, Louisiana, owned by John Rosette, c/o Gerald J. Block, Attorney appointed to be dilapidated and dangerous to the public welfare and ordering the condemnation of same, a motion to adopt was offered by Williams, seconded by Badeaux, and the vote was as follows: YEAS: Badeaux, Bourgeois, Williams, Benjamin, Broussard, Conque, Mouton, Stevenson, Menard

NAYS: None

ABSENT: None

RECUSED: None

Motion was unanimously approved.

(TAPE 1)(SIDE B)(077) AGENDA ITEM NO. 12: O-340-2003 An ordinance of the Lafayette City-Parish Council amending the FY 03/04 Capital Budget of the Lafayette City-Parish Consolidated Government to allocate funds requested by District Judges for Parish Courthouse renovations, a motion to adopt was offered by Stevenson, seconded by Williams.

President Durel stated that the Administration would like some time to look into this situation and possibly find outside options to provide funding and explore long-term solutions. Stanley agreed with Durel's statement; however, the judges do have immediate needs. Mrs. Lalumia has recommended identification of some funding to solve some immediate needs.

At the request of Benjamin, Broussard reported that a committee was appointed to look into this request. The following needs, totaling \$125,000 plus \$25,000 for a professional fee, were given:

- Correctional of wiring needs on floors and under carpets, where practical - \$40,000
- Courtroom recording equipment - \$60,000
- Telephone system replacement - \$25,000

He then reported that the Finance Director found new money of \$50,000 and there is \$33,000 in a line item that is dedicated to the Courthouse. The judges could then use these funds, totally \$83,000, and they could decide which issues are most pressing. In the meantime, the structural needs of the Courthouse will be considered as a separate need. Lalumia added that the \$33,000 is already allocated so the Council needs to approve the \$50,000 allocation.

A motion was offered by Benjamin, seconded by Williams, *to amend the original budget revision to delete what is on the revision and, instead, recognize the \$30,000 of interest revenue (2001) to be appropriated to the Courthouse renovations for the judges in Fund 404; \$20,000 of interest revenue to be recognized and appropriated for Courthouse renovations for the judges and \$33,000 of existing funds in the 1999 Certificates of Indebtedness would be transferred to a workorder specifically for the Courthouse renovations for the judges. Should the additional \$63,000 be unencumbered then those funds would also be made available to the Courthouse renovations.*

Mouton opined that an inventory of those Public Works projects needs to be made and the new Administration needs to know what is being planned for that \$63,600.

At the request of Badeaux, Maniscalco (Associate Public Works Director) explained that all of the Public Works projects were Courthouse and/or Jail related. In the process, several of them have been taken care of and completed. There were four projects that were not completed because of delay. Stanley questioned that if these funds are given to the judges to do what they need to operate, will it cripple LCG from doing anything relating to the environmental concerns.

A substitute motion was offered by Mouton, seconded by Broussard *to amend the original budget revision to delete what is on the revision and, instead, recognize the \$30,000 of interest revenue (2001) to be appropriated to the Courthouse renovations for the judges in Fund 404; \$20,000 of interest revenue to be recognized and appropriated for Courthouse renovations for the judges and \$33,000 of existing funds in the 1999 Certificates of Indebtedness would be transferred to a workorder specifically for the Courthouse renovations for the judges. However, the use of the unencumbered 1999 Certificates of Indebtedness (for Public Works projects), in the amount of \$63,000, should be approved under a separate ordinance after an inventory is taken and the new Administration has reviewed it.*

The following individual was recognized:

Judge Jules Edwards congratulated the Council on their constructive approach to the issue. He questioned how his request, for the \$610,000, in any way jeopardizes any attempt to get any additional money from any other source because LCG is some \$3,000,000 to \$4,000,000 short of what is required to build this new addition to the Courthouse. He reminded that these funds are for a facility that is used by the public.

Broussard explained to Judge Edwards that the committee was cautioned by the consultant that whatever is done structurally in the Courthouse can disrupt the asbestos. Edwards rebutted that 1) the additional renovation for space for family court is \$200,000, 2) the law library conversion is putting up partition walls that will connect to a brick wall on one side and the suspended ceiling on other side. There is no need to go into any interior wall that has asbestos. This will cost \$225,000, and 3) the remainder has no affect, at all, on asbestos.

Upon questioning by Stevenson, Stanley stated that with all of the City-Parish government buildings and all of their individual problems, it would be unrealistic to give Judge Edwards a date to answer his request.

The Chair called for a vote on the substitute motion, and the vote was as follows:

YEAS: Badeaux, Bourgeois, Broussard, Mouton, Stevenson, Menard

NAYS: Williams, Benjamin

ABSENT: None

RECUSED: Conque

Substitute motion was approved

The Chair then called for a vote on the ordinance as amended, and the vote was as follows:

YEAS: Badeaux, Bourgeois, Williams, Broussard, Mouton, Stevenson, Menard

NAYS: Benjamin

ABSENT: None

RECUSED: Conque

Motion was unanimously approved.

(TAPE 2)(SIDE A)(319) AGENDA ITEM NO. 10: O-322-2003 An ordinance of the Lafayette City-Parish Council declaring the building or structure located at 2015 Cameron Street, Lafayette, Louisiana, owned by Amy Ziegelman, Jane Ziegelman, William K. Langfan and/or Egap Corporation to be dilapidated and dangerous to the public welfare and ordering the condemnation of same, motion to adopt by Williams, seconded by Stevenson.

Hebert explained that this ordinance was deferred earlier in this meeting without a time limit. He recommended that the Council table this ordinance for a time period of 30 days. At that time, the issue will be revisited to see if the property owner demolished the structure. Williams rebutted that the time limit is set in the ordinance. He suggested that the ordinance be adopted and then the prescribed time would begin. Hebert then agreed and Williams withdrew his motion.

(TAPE 2)(SIDE A)(383) AGENDA ITEM NO.13: O-341-2003 An ordinance of the Lafayette City-Parish Council authorizing the Lafayette City-Parish President to execute a Joint Cooperative Endeavor Agreement between the Lafayette City-Parish Consolidated Government ("LCG") and the Oil Center Renaissance Association ("Association") concerning the property

located on Girard Park Drive, a motion to adopt was offered by Stevenson, seconded by Broussard.

An amendment was offered by Conque, seconded by Stevenson, amendment being an amendment to the contract, Section 7(7) as follows: ***MAINTENANCE OF ROOF AND STRUCTURE PORTIONS OF BUILDING, HEATING, VENTILATION, AND AIR CONDITIONING (HVAC) SYSTEMS AND ELEVATOR(S).*** *Lessee shall keep and maintain the roof and structural portions of the building, the heating, ventilation and air conditioning (HVAC) systems and the elevator(s) except that the Lessee shall promptly repair any damage caused thereto by its act or negligence or that of its employees, agents, invitees, licensees, or contractors. Nothing to the contrary withstanding, Lessee shall be obligated to obtain and provide, at its own expense, a maintenance contract for any elevator(s) in the leased property. Furthermore, Lessee shall pay for all repairs within the building to the HVAC system and to the elevator(s),*

A substitute motion was offered by Williams, seconded by Benjamin to strike the language as just amended. Benjamin withdrew his second.

Conque explained that this agreement tracked the same language used in an agreement with the Acadiana Arts Council, except it does not specifically include all repairs to the HVAC systems and to the elevators.

Upon questioning by Williams, Frank Bradshaw, HPACC Manager, stated that the building is in the same condition it was in when the Natural History Museum moved out. The building had leakage and water penetration through the sides. OCRA is aware of this and they know renovations will have to be made in order to bring the building up to code.

Anne Pitre, OCRA Executive Director, explained that the building was assessed and priced. ORCA has already applied for State assistance and fund raising will be held. The building, itself, would be the matching funds for the state money. Initial renovations will cost \$200,000 for waterproofing the building.

Williams requested that Bradshaw forward to the Clerk a copy of the repair estimates that was done for that facility several years ago on items that needed to be repaired.

At this point, Broussard removed his second from the original motion because he felt the ordinance clearly stated his intent.

The Chair then called for the vote on the amendment, and the vote was as follows:
